Fall 2023

## Pumpkin Patch Day!

**T**o embrace the fall spirit, Bev and Daniel invited Nick and Penny to the pumpkin patch to pick pumpkins they could paint and carve out later. They picked out the best pumpkins and the next day started drawing on fun faces and designs to make jack-o-lanterns. But they had too many pumpkins! They came up with the idea to sell their decorated pumpkins around their neighborhood.

The kids asked their parents and they agreed. Bev, Daniel, Nick, and Penny decided to sell each pumpkin for \$5. By the end of the day, they each made \$15! Bev and Daniel decided to put this money away into their Gateway Metro savings accounts. Each Crew member already had \$30 in their savings account.

*How much money will Bev and Daniel have in their savings accounts after selling pumpkins?*

\$30 (savings) + \$15 (selling pumpkins) = \$\_\_\_\_\_

Nick and Penny wanted to buy more paints for the pumpkins they had left. So they went to the store together and each bought some paint kits for \$8.

*How much money Nick and Penny they have in their savings account if they put the rest of their money into savings?*

\$15 (selling pumpkins) - \$8 (paint kit) = \$\_\_\_\_\_ (money left)

\$\_\_\_\_\_ (money left) + \$30 (savings) = \$\_\_\_\_\_

Nick and Penny had all these new colors to use with the paint kits they bought, so they invited Bev and Daniel to a little pumpkin painting party! Bev, Daniel, Nick, and Penny had a great time selling and painting pumpkins and they each made a little bit of money to add to their savings, so they thought it was time well spent!
